Event Description

Why is addressing embodied carbon in the built environment important? What steps can stakeholders in the design-build and public policy arenas take to effectively and efficiently reduce the carbon intensity of concrete construction? Answer these questions and more with a day of education, exploration, discussion, and networking to discover the current state of the market and identify opportunities to collaborate on implementing low-carbon concrete solutions!

Who Should Attend

NRMCA, RMI, and partners, in collaboration with the White House, invite real estate developers, architects, engineers, contractors, concrete and cement suppliers, as well as policymakers and public agency staff to join us for a day of low carbon strategizing!

Continuing Education

Earn 5 AIA-CEU (HSW) or 5 PDHs

Agenda

- 8:00 – 8:30 AM:** Check-in and Breakfast
- 8:30 – 9:15 AM:** Intro, Opening Remarks and Announcements
NRMCA + RMI + Federal Partners
- 9:15 – 10:15 AM:** Low Carbon Case Studies
- 10:15 – 10:30 AM:** Networking Break
- 10:30 – 11:15 AM:** Bringing Lower Carbon Concrete Forward
Davies-Crooks Associates
- 11:15 – 12:00 PM:** Carbon Reduction and Accounting Strategies
NRMCA
- 12:00 – 1:00 PM:** Buffet Lunch
- 1:00 – 2:00 PM:** Panel Discussion: Innovative Cements/SCMs
Moderated by CNCA
- 2:00 – 3:00 PM:** Roundtable Discussions
RMI
